MAKE COMPLIANCE EASY

INTRODUCING LOGMASTER, YOUR ALL IN ONE
ELECTRONIC DRIVER WORK DIARY.

Logmaster is a compliance management system that makes it easy for your drivers to automatically track driving and work hours for compliance purposes. The platform logs hours worked, and breaks taken in real time (with geo-tagging to ensure accuracy) then allows you to share the compliance data with your nominated organization. Of course, you can access your records and documentation at anytime, from anywhere.

FOR TRANSPORT BUSINESSES
LOGMASTER MANAGEMENT PORTAL
