BENEFITS

AWARD WINNING NAVIGATION AND TRAFFIC

- Plan, drive and deliver more efficiently.
- Real-time traffic information helps get drivers to destination on time.
- Improve service by keeping customers informed of estimated arrival times.
- Truck and Coach specific routing and navigation, helps keep drivers on the most suitable roads*.
- Dedicated Truck and Coach POIs*.

REDUCE COSTS, IMPROVE PRODUCTIVITY

- Spend less time on the road and more time with customers.
- Complete more jobs in a day by improving workflow.
- Improve route planning with real time visibility.
- Send routes direct from WEBFLEET to driver terminal.
- Reduce fuel costs, stay on track with driver benchmarking.
- Wi-Fi updates for fast and easy access to the latest map and software versions.

CAPTURE ACCURATE DATA AND STAY COMPLIANT

- Log working time and mileage registration with a simple tap.
- Use data from drivers and vehicles in useful reports to help you manage your fleet and stay compliant.

SAFER DRIVING ON THE ROAD

- Find the safest route for your vehicle size.
- Advanced Lane Guidance helps to safely navigate tricky junctions.
- Stopped traffic and tailback alerts help drivers be aware of trouble ahead.
- OptiDrive 360** helps improve driving behaviour in real time through active driver feedback.

TOMTOM PRO 5350 - PORTABILITY AND FLEXIBILITY

- Portable tracking device with SIM card.
- Privacy controls to switch off tracking when off duty.
- Easily transferable from vehicle to vehicle.
